Dear Praying Friends,

Thank you for praying for us! John and Fernanda have had a busy month with two weeks of VBS. John said the week in Big Yard was good. This year they combined the children with the young people and adults and it worked well.

The VBS groups in Liberty were larger with 30-40 children the last four days and 8-10 young people and adults. John and Fernanda were also able to help the family of a young man who was bitten by a poisonous snake. Thankfully he did survive and John was able to visit a couple of times and is welcome to come back. Another blessing was that Bobby was invited to practice soccer with the village children which is normally only open to children from the community. Slowly but surely the Lord is breaking down barriers and softening hearts in the village of Liberty.

This week John and his family planned to visit different villages daily, passing out tracts and looking for doors that the Lord might open. Yesterday, John was too sick to leave Salinas but they hope to get out to Sao Luis yet today. Please pray for his health as well as for Deborah and Carolyn who have been sick too.

### VBS in Liberty

Hannah arrived safely on July 18<sup>th</sup> and has been able to visit with family and friends while she prepares for Missions Camp that will be held August 12<sup>th</sup>-17<sup>th</sup>.

Robynn has been able to help Dani readjust back into Brazil as well as get set up for travelling to her supporting churches. What a joy it has been to have her back with us for a little bit!

Please continue to pray for Robynn's health. She deals with pain from the fibromyalgia most days, though some days are decidedly better than others. Robynn's classes at ABRE start this Friday again and in the next couple of weeks the village schools will also be starting up. Please pray for strength for Robynn especially during these months that Hannah is on furlough.

### Caranazinho Sunday School group

We have been thrilled to see a small group of children faithfully come to Sunday School in Caranazinho even through the month of July, which is their vacation month. Pray for Renata the mother of three of the boys. She has come several times but not recently.

Thank you for your prayers and support! Love, The Renos in Brazil
